To Whom It May Concern:

I would just like to respond to a concern of mine that K-Love radio in our area might be replaced by other stations, due to changes made at the FCC. I really appreciate K-Love, not only because it represents a contemporary Christian format that I enjoy, but I think it offers a wholesome choice for my children, when so much of the other choices allow the use of profanity, and sexual innuendo. If there are people who prefer that then that is their right, but K-Love is a privately funded station (of which I support) and as long as it can raise its own funding should not be forced off the air.

Also, I play this station in my dental office. A dental office is stressful enough and K-Love being played soothes nervous folks, and allows them to relax. I have seen a dramatic difference in the mood of my patients since, we chose to play this.

Thank you
